# Commitment to the Environment

Our key objective and strategic priority is to be consistent with the values of environmental responsibility and to systematically seek to have the least possible impact on the environment.

Supreme Yachting is committed to maintaining an environmentally sensitive and responsible position and to managing its activities accordingly, minimizing any negative environmental impacts that may arise.

Environmental protection is a key prerequisite for the company's sustainability and a key pillar of its operation.

The company has taken the following actions:

- Replacement of lamps with new higher energy efficiency ones. To reduce our energy footprint, fluorescent luminaires were replaced with new LED ones.
- Corporate responsibility drives to promote recycling and the use of more environmentally friendly materials. To minimize the environmental impact, we proceed with recycling of batteries, plastic and paper at the company's headquarters.
- Recycling of yachts' lubricants and prevention of oil discharge into wastewater.
- Regular maintenance of air conditioning systems, so that they operate at the optimum level.
- Potable water: we use the Water Company (EYDAP) supply network; we purchased filters for filtering and cleaning the water of the water company in an attempt to minimize the use of plastic bottles.

# Commitment to the Society

One key objective and a strategic priority of the company is to operate with sensitivity and responsibility towards local communities. Supreme Yachting supports social programmes and actions as part of exploring new ways to create shared value. The Company actively participates in the local communities where it operates through actions that respond to their long-standing and emergency needs.

More particular, we implement actions to fight poverty, hunger and social inequalities.

Supreme Yachting has already supported a number of NGOs and will continue to do so. We are committed to giving back to the community and bringing a positive impact to our society.

The company has taken the following actions:

- Donation to support a young child (son of one of our captains) who was diagnosed with Spinal Muscular Atrophy (SMA) Type 1, a very rare genetic disease.
- Donation to the Medecins Sans Frontières to provide vaccination against measles to 158 children.
- Donation to “The Smile of the Child” on their actions to support children, victims of violence and poverty, and children with health problems.
- Donation to support the child of a valued member team who experienced a tragic loss.

## Local Community support

- Donation to Desmos, a non-profit organization, to support the emergency fund for wildfires in Athens.
- Donation of clothes to Stegi Thleon “Agios Alexandros” that accommodates 15 girls from 9 to 23 years old.
- Donation of the leftover food from our Christmas party to Youth House of SOS Children’s Village.

# Commitment to the Next Generation

Another key objective of Supreme Yachting is to support & engage with young students sharing with them the exciting opportunities of yachting in Greece. Supreme Yachting actively cooperates with Greek Universities - with a focus on maritime studies - supporting initiatives that help shaping the future of the industry.

We participate in events to promote yachting to the next generations, aiming to inspire upcoming executives and to foster growth within our industry.
